

# Hireguntanuru Gram Panchayat - Chitradurga Taluka

## Gram Panchayat Progress Report, 2023 to 2025

---

Hireguntanuru Gram Panchayat signed an MoU with Anode Governance Foundation on 8th July 2022, embarking on a journey to strengthen its institution. All Ward members jointly took this decision and are signatories to this MoU.

This Progress Report provides an overview of the status of Hireguntanuru Gram Panchayat across 9 key components of an effective GP, facilitated through Anode's Organisation Mapping tool. The report is based on a self assessment exercise conducted individually with each ward member, followed by a workshop with all members to collectively rate their GP. Each component is rated on a 4-point scale. The report includes actions and achievements during 2023 and 2024, as well as potential areas for improvement.

Out of 9 components, the GP has prioritised and actively focussed on 4 foundational components, viz. Identity and Vision, GP Structures, Service Delivery and Coordination between GP and Gram Sabhas. Enabled with higher participation of its members and achievements across the 4 components, the GP plans to work on other components.

The report also highlights some key actions and achievements of the Hireguntanuru GP in areas like Education, Health, Sanitation and Social Forestry, Infrastructure, Water, and Social Security.

Overall, the report provides a comprehensive overview of the Hireguntanuru Gram Panchayat's progress and areas for further development. The document contains two annexures: 1) Ward-wise service delivery ratings and 2) Thematic areas and goals prioritised by the GP, Health and Sanitation.

Hireguntanuru GP has entered into a revised MoU with Anode Governance Foundation with effect from 1st February to 30th November 2025, to collaborate on improvements in institutional functioning and achievement of thematic goals.

### **Vision Statement of the GP**

**"Our goal for Hireguntanur Gram Panchayat is to ensure access to clean drinking water, reliable lighting, proper toilet hygiene, and a clean, scientifically managed environment. We prioritize raising awareness about waste disposal to foster a healthier and more sustainable community for all citizens."**

### **Section A: Basic information**

| Population | No. of Villages | No. of Wards | No. of SHGs |
|------------|-----------------|--------------|-------------|
| 12,535     | 9               | 12           | 27          |

### **GP Finances, FY 2024-25**

| Budget Heads             | Proposed            | Utilization - April December 2024 |
|--------------------------|---------------------|-----------------------------------|
| MGNREGA                  | ₹4,48,17,890        | ₹50,16,834                        |
| 15th Finance Commission  | ₹47,38,143          | ₹31,28,895                        |
| State Finance Commission | Not available in GP |                                   |

|  | Theme 4: Drinking Water    | 45 RO Water Filters repaired                           |

## **Section D. Some Actions and Achievements of Hireguntanuru GP**

Issues relating to disrepair of school buildings, Mid-Day Meals, compound walls, drains, streetlights etc were discussed and identified during different project steps and forums: GP Profiling, CEP and CAG meetings, PF meetings, Exposure visits, SDMC meetings and during discussions in GBMs etc.

While ensuring ownership of action was with the GP, Anode field staff provided hand holding support to ward members through a) providing nudges and reminders, 2) negotiating with key stakeholders, especially the community, 3) ensuring petitions are placed in GBMs, d) access to functionaries in department/block offices, and e) providing information of programmes and schemes, etc.

### **Education [LSDG: Child friendly village]**

1. The school's name board was painted using Own Source of Revenue funds in Hunsakunte GLPS after the issue was taken up and approved in the GBM.
2. Identified during the GP Profiling stage, there was an issue relating to water supply to Hunsakunte GLP School. The issue was resolved by installing an RO Water Filter using the Own Source of Revenue.
3. To make the school more attractive to children the local ward members of Kodagavahalli and Hosahalli took up the task of painting the wall and putting up child-friendly graffiti in Kodagavahalli GLPS and Hosahalli GHPS using Own Source of Revenue after the initiative was approved in GBM.

### **Health [LSDG: Healthy village]**

4. To improve nutrition among the children and women in the village, the local ward members and Panchayat Facilitators of the GP campaigned for the setting up of an Anganwadi centre in Hosahalli village. This proposal was discussed and approved in the GBM, and a new Anganwadi Centre was set-up in collaboration with the ICDS department.

### **Sanitation and Social Forestry [LSDG: Clean and Green village]**

5. To improve the sanitation in the GP, drains in the following villages were cleaned using 15th FC funds, following discussions in GBMs.
  - Hireguntanuru Gollarahatti
  - Haliyuru
  - Hireguntanuru
  - Kodagavalli
  - Hosahalli
6. To ensure safety of pedestrians from snakes and rodents, the jungle lining the roads of Hosahalli and Kodagavahalli was cleared using funds and Labour from MGNREGA.

### **Infrastructure [LSDG: Self Sufficient infrastructure]**

7. To ensure safety of citizens during night street lights were repaired in the following villages using Own Sources of Revenue.
  - Hosahalli
  - Haliyur
  - Chikkaguntanur
  - Thirumalapura
  - Hunasekatte Gollarahatti
  - Haliyuru
8. To ensure more light even during power outages, a solar powered street light was installed in Hireguntanuru Gollarahatti using MLA Funds
9. CC Roads were constructed in Kodagavahalli and Hosahalli Villages by utilising MLA funds.

#### **Water [LSDG: Water sufficient village]**

10. To improve the rain water collection and rejuvenate the ground water levels, agriculture ponds were developed in Kodagavalli and Hosahalli villages. This issue was first identified during the GP Profiling stage and discussed in the following GBMs. The ponds were developed using MGNREGA funds and Labour.
11. To improve access to safe drinking water the following activities were undertaken by the GP
  - Borewell repaired in Hosahalli
  - Motor used to supply drinking water to Thirumalapura repaired
  - Pipelines supplying drinking water to Chikkaguntanur and Hireguntanuru Gollarahatti was repaired
  - Mini tanks cleaned in Hunasekatte and Thirumalapura villages
  - Over-head tanks cleaned in Hunasekatte and Hireguntanur villages
  - RO water Filter repaired in H Gollarahatti Village
